From the President

Last year we worked on consolidating our efforts and diversifying in new areas. This year as we move on, we have chosen the theme 'Stepping Ahead' for our Annual Report.

JK DAG is stepping ahead in new initiatives. With new skills and knowledge acquired, sharpened result indicators and with strengthened systems and procedures, we seek to bring transformation among the communities we work with, by addressing the issues of justice and poverty.

In a changing landscape, with new socio-economic challenges, new projects and new sectors, JK DAG has strived to step ahead overcoming the challenges and where possible, utilising every opportunity available to scale up our work to maximise the impacts. We have captured those results in the present Annual Report for you to read and cherish along with us. We hope that you will enjoy reading this report and that the pictures and stories speak to you.

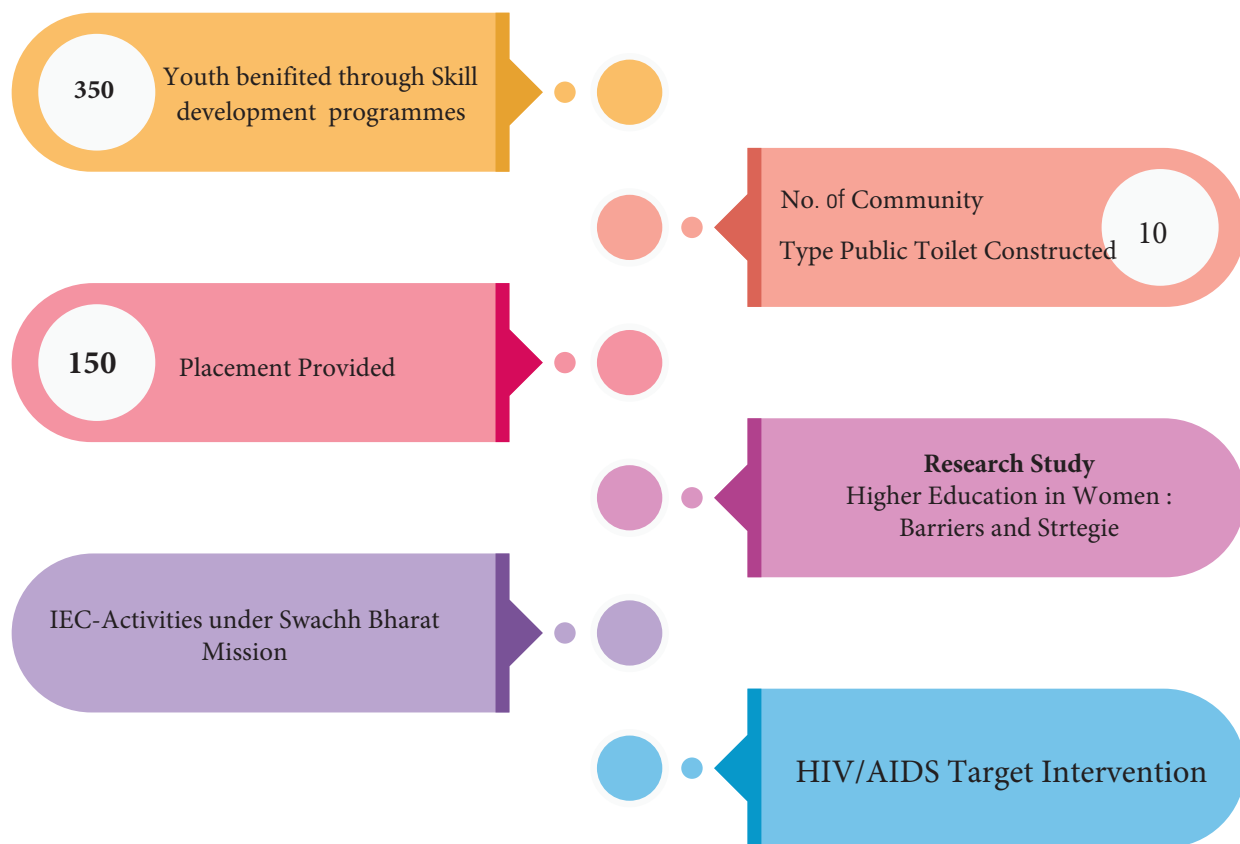

One of the highlights of this year is our involvement in Skill Development (Himayat) Initiatives among the communities in Pulwama & Budgam districts in and other Skill Development (NSDC) J&K districts. It's a challenging experience, but with God's grace we are stepping ahead. We continue to collaborate with the government agencies and other stakeholders in bringing in sustainability in our development efforts. As we step ahead, we are also working on strengthening our partnership with like-minded organizations to bring in more impact in our work. We want to continue to reach out to continue the most serious challenge of our time: eliminating poverty and injustice of every kind. We (Staff of JK DAG) would like to extend our deepest gratitude to all of you-Communities and Community Leaders, Network Members, Implementing Partners, Supporting Partners, Government Agencies, & the Society Members, who through their contributions have made JK DAG what it is today and enabled us to move towards fulfilling our Vision of "A Just, Responsible and Compassionate Society".
